

May 2016

Dear Friend:

Thank you for expressing an interest in the Rutgers Master Gardener Program of Union County. Enclosed are two application forms, information about the program, and the course requirements.

The purpose of the Rutgers Master Gardener Program is to train Union County residents to become volunteer Master Gardeners. Applicants who are accepted into the program receive in-depth and hands-on-training in horticulture from Rutgers, The State University faculty and professional staff. In exchange for the training, applicants agree to make a commitment to provide 60 hours of volunteer service working in their community in one of the many approved volunteer gardening committees within a 12—18 month period. Successful graduates become Certified Rutgers Master Gardeners upon completion of their volunteer commitment.

Our goal is to build a strong, involved, and active Master Gardener Program. Our members consist of people who believe in our volunteer mission and have the desire to enhance this program. At the same time, the program helps build a network of educated, committed and experienced volunteers who enjoy the rewards of gardening through volunteering, education and experiencing the benefits of meeting new friends and socializing as well.

I look forward to your success in the Master Gardener Program. If you feel you need more information regarding this program please feel free to call the RCE Office at 908-654-9854.

How did you learn of the Master Gardener Program?

As a Rutgers Union County Master Gardener, you are committing to complete at least 60 hours of volunteer service to the Master Gardener Program within a 12-18 month period of enrollment in the program. After completing the course, **ten (10) of the 60 hours are to be spent working in the Master Gardener Demonstration Garden in Watchung Reservation.**

The Master Gardeners of Union County operate a telephone Garden Helpline for county residents to call in with gardening questions and problems. As a Master Gardener Student, you will be required to complete "Helpline" training and work a 2-hour shift on the Garden Helpline with an experienced "Helpliner." The Helpline office is located in the Extension Office. The Helpline operates during the day.

Students will design an Integrated Pest Management Plan for their own home.

Students will complete any additional training as required by Rutgers University

COMPLETE and sign the back of this application

Another requirement for graduation is to serve at least six hours on a Master Gardener Committee (before graduation). You may serve on several committees. You will have an opportunity to meet the committee chairs and learn more about their activities during a class session early in the program.

The following is the list of MG committees in Union County
